

TUF TRUK TRANSPORT BLANKETS

Terra Lana's Tuf Truk transport blankets are perfect for protecting transported goods. Manufactured from recycled NZ wool, cotton and polyester mix. Tuf Truk blankets are soft to touch but extremely hard wearing, high quality blankets to be used time and time again.

Available in two versions:

OVER-LOCKED

Needle punched blanket with a core layer of polypropylene providing real toughness and durability. Ideal for heavy use situations such as furniture removal.

BONDED

Heat melded blanket with melt bond polyester fibres. This advanced bonding process means no edge binding is required. This blanket is slightly thinner than an over-locked blanket, perfect for joinery companies and protecting goods in storage.

THE BENEFITS OF TUF TRUK BLANKETS

NATURALLY SAFER

Non-irritant, hypoallergenic, non-toxic and odorless. Our Tuf Truk blankets do not contain any harmful substances, they are safe to handle with bare hands.

DURABILITY

Hard wearing blankets for excellent longevity. Can be used time and time again without compromise.

FLAME RETARDANT

Difficult to ignite. If exposed to a flame, no toxic fumes would be emitted.

INSECT RESISTANT

New and recycled wool that has been treated for insect resistance.

PRICES excluding GST

VERSION	SIZE	Bundle of 10
OVER-LOCKED	1900 x 1500mm	\$156.20 + GST
BONDED	1900 x 1500mm	\$125.40 + GST
