

NZ WOOL TRANSPORT BLANKETS

**TUF
TRUK** 

Terra Lana's Tuf Truk wool transport blankets are ideal for protecting goods in heavy-use situations such as furniture removal.

Manufactured from needle punched NZ wool reinforced with polypropylene and over-locked edging for real toughness and durability, they are soft to touch but extremely hard-wearing.

DURABLE

Our wool blankets are designed to stand the test of time, thanks to wool's renowned durability and the way we 'weave' them together.

PERFORMANCE

Wool is ideal for protecting hard goods—it's soft and resilient, and because it breathes it helps to keep things dry.

SUSTAINABILITY

Wool is one of New Zealand's greatest renewable resources. Our blankets are made with wool recycled from carpet manufacturers' pre-consumer waste.

NZ MADE QUALITY

Terra Lana Wool Tuf Truk blankets are manufactured using NZ materials in our Christchurch facilities.

BUNDLE OF 10

1900 x 1500mm

\$179.63 + GST
